The FY 1980-81 Statistical Report provides a statistical summary of inmates committed, released, and incarcerated in the Colorado Department of Corrections. This report was compiled from both manual and computerized data.

This statistical report has the following purposes:

1. To provide a historical record of inmate demographics.

2. To provide management with offender data information necessary for effective and efficient operation of the Department.

3. To provide the public with yearly statistical characteristics of the inmate population in the Department of Corrections.

I believe you will find these data useful in describing the inmate population in the Department of Corrections.
